

Accessing Electronic Resources From Off-Campus

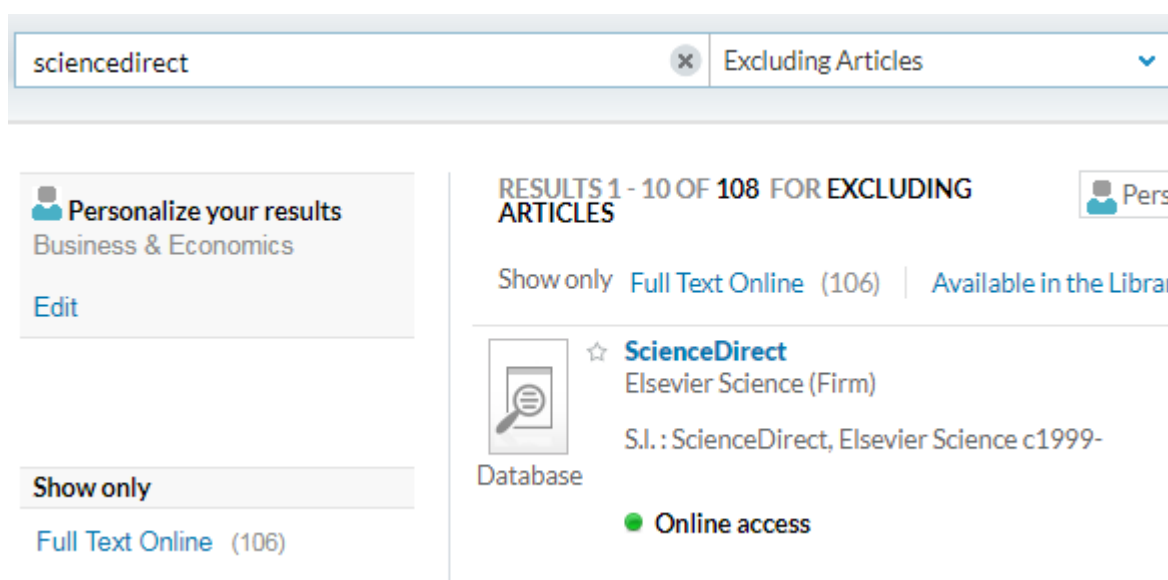

Access to all the Library's electronic resources is possible while you're off-campus, and the process is very simple.

What do I do?

- It's easy; start by visiting the Library homepage and click the 'Login' link at the top right of the screen.

- Login to your account using your Campus ID credentials.
- After you have logged in, you'll be brought back to the library homepage.
- Now all you have to do is access the electronic resource you're looking for as if you were on campus.

A screenshot of a search results page. At the top, there is a search bar containing 'sciencedirect' and a dropdown menu showing 'Excluding Articles'. Below the search bar, on the left, there is a box titled 'Personalize your results' with 'Business & Economics' and an 'Edit' link. On the right, the search results are displayed: 'RESULTS 1 - 10 OF 108 FOR EXCLUDING ARTICLES' with a user profile icon 'Pers'. Below this, there are filters: 'Show only Full Text Online (106) | Available in the Librar'. The main result is for 'ScienceDirect', an Elsevier Science (Firm) database, with a note 'S.I. : ScienceDirect, Elsevier Science c1999-' and a green dot indicating 'Online access'.

Using Google Scholar Effectively

While Google Scholar is a great resource for researching, it can often display links to content that the Library doesn't subscribe to. This can make things confusing, as you're not always guaranteed to access content in search results that you see.

You can set up Google Scholar to display results more effectively once you register NUI Galway as your default Library.

Go to Google Scholar at <https://scholar.google.com/>

Click on the 'Settings' link at the top of the page, and on the next screen, choose 'Library Links' on the left of the page

Show library access links for (choose up to five libraries):

e.g., *Harvard*

- NUI Galway - Fulltext@NUI Galway
- National University of Ireland, Galway - Full-Text @ NUI, Galway
- National University of Ireland, Galway - Fulltext @ NUI Galway

Online access to library subscriptions is usually restricted to patrons of that library. You may need to login with your library password, use a campus computer, or configure your browser to use a library proxy. Please visit your library's website or ask a local librarian for assistance.

Now, your search results in Google Scholar will display links if the fulltext is available in NUI Galway – remember, **you must be logged into your Library Account** first for the service to work properly.
